POOL ADVANCES TO MEMBERS ON SAME OLD BASIS

Payments Halted Briefly
Monday But Are Resum-
ed in Few Hours

TAX WARRANTS ARE NOT NOW NECESSARY

The Western Dark Faced Tobacco
Growers Association is still mak-
ing advances on tobacco delivered
to its floors by members. Cessa-
tion of advances was only for a
few hours Monday.

Monday morning a message was
received from Washington, to dis-
continue issuance of tax payment
warrants on account of the repeal
of the Kerr-Smith Tobacco Act
and the AAA. An agreement be-
tween the tobacco association and
the Reconstruction Finance Cor-
poration provided that advances
would be made only to grower-
members on tobacco accompanied
by tax payment warrants.

With a few hours after the order
to discontinue was received, the
agreement between the leaf
pool and the R. F. C. was amended
and the association resumed mak-
ing advances to members on the
same basis as before the repeal of
the Kerr-Smith bill.

L. L. Voss, general manager of
the association, said that the 1935
crop of the western district will
be approximately 8,000,000 pounds
less than last year and officers of
the association do not anticipate
that all the million dollar credit
placed at their disposal by the R.
F. C. will be required to handle
this crop.

JOHNSON'S VOTE PASSES TVA BILL

Enables Kentucky to Avail Itself
of Power, Lieut. Gov.
Breaks Tie.

FRANKFORT, Ky., Feb. 11.—
A decisive action on bills to re-
duce the cost of passenger car li-
censes to \$4.50 and to provide for
state-wide registration of voters
was completed today as the Sen-
ate passed House bills on those
subjects and sent them to Gov-
nor Chandler for the approval he
has indicated would be forthcom-
ing.

In a working mood before ad-
journment until Thursday—taken
a holiday tomorrow in observance
of Lincoln's birthday—the Senate
passed the bill of Senator John T.
Murphy, (D.), Covington, to enable
Kentucky to avail itself of power
generated at government dams
approved to bills sponsored by the
Louisville city administration, gave
first reading to a House bill en-
abling the state to carry its own
insurance, and refused to take ac-
tion on a bill to make it unlawful
for deputy sheriffs or deputy con-
stables to be paid from private
funds.

Passage of the TVA vote by the
Senate was effected with the vote
of Lieut. Gov. Keen Johnson, pre-
siding officer, who broke a 17 to
17 deadlock on the roll-call.

The TVA bill which now goes to
the House, was called up for
passage by Senator Ralph Gilbert
of Shelbyville, Democratic floor
leader, after several Democratic
Senators to resign earlier action
of the Senate calling for a night
session.

Yes, They Are Going To Fix Main At 10th

The often asked question as to
when they are going to fix the
hole in West Main street at the
Memorial Baptist church cor-
ner is answered by the street
superintendent in this manner: To
fix the hole, cut for the con-
necting of sewers, heavy ma-
chinery will be needed and the
superintendent has been waiting
until the paving of North Tenth
is begun. This waiting will save
considerable time and expense
and the hole is expected to be
fixed up within a short time. It
has caused motorists much
concern.

fruit issues, the following state-
ment:

"Nine-tenths of the fruit buds
have been killed, on an average.

cold winds will be very scattering."

since the beginning. The Ledger
& Times sincerely apologizes for
its error.

COUNTY TOURNEY OPENS AT HIGH SCHOOL TODAY

The Calloway county net tourney
opened this afternoon at
2:30 o'clock at the Murray High
School with the curtain going up
on a second-team game, Lynn
Grove vs. Almo. Coach John Mil-
ler is handling the refereeing and
much interest is expected to be
shown in the county play.

Second teams are being included
this year and the finals in both
first and second team games will
be played Saturday night. The
teams present a similar county
basketball picture similar to that
of the past several years with
Kirksey leading, Lynn Grove, Con-
cord, Murray, Faxon, Hazel, Almo,
and Training School, in order of
strength as shown by the season's
play.

Kirksey's fast breaking offense
led them through the district and
the Regional last year and through
a very successful year this time.
Lynn Grove again calls the bluff
of the best ones. They play a
steady game with a smooth pass-
ing attack. The Concord team
usually in the running is again
among the best and has shown
superb style at times this year.
The Redbirds believe in shooting
at every opportunity.

Lynn Grove, bracketed with
Hazel, Training School and Faxon,
is expected to come through to the
finals. Kirksey in the other brack-

CUT IN FEDERAL SPENDING, FARM RELIEF PLANNED

Fiscal Experts Working On
New Tax Plan to Meet
Expenditures

DISCUSS PROGRAM FOR AGRICULTURE

WASHINGTON, Feb. 11.—Acheson
asserted by President Roosevelt
that he was moving to curtail gov-
ernment spending today, coincided
with a disclosure that federal fi-
scal experts were contemplating a
plan for a composite farm-relief
tax bill which, if submitted as
such, would seek to raise \$9,000-
000,000.

Mr. Roosevelt disclosed at his
press conference he had ordered
Daniel Bell, acting Budget Direc-
tor, to make a broad survey of all
government departments to deter-
mine:

1.—What reductions can be made
in appropriations or authorizations
that affect the public debt.

2.—What cuts can be made in ap-
propriations affecting next year's
budget.

3.—What authorizations for gov-
ernment borrowing and lending can
be cancelled.

Among officials working on the
tax bill there was talk that only
\$5,000,000,000 in taxes might be
sought this year. They said \$900-
000,000 would be required, how-
ever to meet all obligations left by
the AAA's invalidation, and to pay
the cost of future farm-aid con-
templated in the soil conservation
bill Congress is debating.

An authoritative source said the
program under consideration em-
braced three tentative divisions:

1.—Excises on processing of farm
products to cover \$180,000,000
about, \$400,000,000 annually, and
comparable in form to the out-
lawed AAA processing taxes.

2.—New levies, possibly through
revisions of income tax exemp-
tions, to raise from \$230,000,000
to \$250,000,000 annually.

3.—Retrospective excess-profit or
income taxes to cover \$180,000,000
to \$200,000,000 in court-impounded
processing taxes lost to the govern-
ment in the Supreme Court's rice
millers' decision.

The President, who said he ex-
pected to receive some reports from
Bell within a week, told reporters
no specific sums have been men-
tioned as a savings goal.

After reporters left his office he
signed the deficiency appropriation
bill which, among other items,
carried \$200,000,000 to pay farmers
for performance under AAA con-
tracts until the Supreme Court
settles their way.

Agriculture Adjustment Adminis-
tration officials said their check-
writing machines would be started
up again at once and the rein-
bursement checks probably would
go out before the end of this week.

COUNCIL MEETS

The Murray city council passed
the ordinance setting the privilege
tax for public dance halls at \$300
per year at their meeting Friday
night. The group also discussed
the W.P.A. projects and new
projects may be submitted. John H.
McGavock, assistant state super-
visor, was present.

Pretty Bed Room Suite Popular with Subscribers

The bedroom suite, being offered absolutely free
to some fortunate Calloway county subscriber on Sat-
urday April 11, is growing in popularity with both old
and new subscribers.

The plan is very simple. There is nothing for any-
body to do but to pay their subscription to The Ledger &
Times to participate in the opportunities to own this beau-
tiful suite. The suite, a genuine \$98.50 value, has al-
ready been purchased and is on display in the window of
Crass', furniture dealers, across from Ledger & Times.

It is urged that each subscriber and each person who
would like to become a subscriber to the paper see the
bedroom suite that has been selected.

A numbered ticket is given for each year's subscrip-
tion, old or new, in Calloway county. A duplicate of that
ticket is placed in a box and on Saturday, April 11, some
little boy or girl selected by someone other than a Ledger
& Times employee will draw a ticket from the box. The
subscriber holding the identical number on this ticket will
get the bedroom suite. Employees of the Ledger & Times
and their immediate families are not eligible to partici-
pate.

There are no strings to this offer and nothing for you
to do but subscribe or renew your subscription to The
Ledger & Times.

February Is Month For Colorful Parties

February is a month for pretty parties. St. Valentine's Day Washington's and Lincoln's Birthdays and this year being Leap Year all offer an opportunity for colorful and playful occasions.

In Murray as elsewhere different groups make lovely plans. The Rotarians are again thinking of entertaining the Rotary Anns and the date is set for the 20th. The Music Department has a pretty party in

mind and will probably include the whole Woman's Club. The Woman's Club has invited the state president and district governor to come to Murray and will entertain the last of this month in their honor.

The desire for festivities reaches on down to the younger society groups and then to the children who are busy making valentines. Even tho' the weather be cold people crave company and fun.

Reports From a Kentucky Garden Calendar, Mrs. F. E. Crawford. The Rhododendron Festival, Mrs. Herbert Drennon.

Mrs. R. H. Hood, chairman, introduced to the club four new members, who were present, who had accepted membership. They were, Mrs. George Hart, Mrs. Otis Edwards, Mrs. Gladys Scott, and Mrs. Fred Gingles.

Unique refreshments were served carrying out the Valentine colors and ideas. Half of the members were given decorated valentine boxes, containing sandwiches and sweets, with the name of another member who was to share the box. After the partners were found, the hosts served an individual tray on which was a salad, tomato juice, and a living potted plant.

Mrs. W. J. Caplinger, president of the Woman's Club, and Mrs. A. D. Butterworth, a guest, were present.

Mrs. W. P. Roberts invited the club to meet at her home in March.

Milk Adds Its Flavor to Other Foods, Puts "Edge" on Appetites

When the doctor tells you our most important food is milk he means it contains 34 to 36 of the vital elements required to build bone and tissue. We say, try drinking it in small quantities, with meals, to give a tang to the other foods.

Your family will drink more and be healthier. Use it in cooking.

Try Putting a Pitcher of SUNBURST on the Table. Let the Family Help Themselves

Give the children plenty of milk these wintry days—good health is the best preventive against colds and winter ills.

He Chose Duty . . . His Country First!

G. WASHINGTON

Edward Everett said of him, "He knew no glory but his country's good." In this is a pattern for real Americanism that can and should be applied today . . . to submerge self-interest to that type of patriotism upon which the prosperity of our country depends.

WE HONOR HIM SATURDAY, FEBRUARY 22

WASHINGTON WAS A CONSERVATIVE. In his private life and in his great national policies, as president when he urged the leaders of his country to beware of foreign and entangling alliances.

The organization of this bank claims nothing kindred with the father of this great country and would draw no comparison with such a great personage other than to say that this bank is also CONSERVATIVE.

Conservatism is the best policy and because of this we feel, the Bank of Murray has grown by great strides in popularity with the Murray and Calloway county public until the Bank of Murray is one of the city's busiest institutions.

HOW DO YOU KNOW YOU "CAN'T AFFORD" A BUICK?

WE GRANT you that Buick looks expensive—smart things usually do! We grant you a lot of people think of it in terms of a \$1500 automobile because Buick used to cost all of that—and some still do.

But give us a chance, and we'll show you in cold figures how to own a Buick for little if any more than one of the lowest-priced cars would cost you.

We'll show you a big car with a small car operating cost. We'll show you roominess and comfort and safety, with a freedom from repair bills that makes costs-per-mile hit a new low. We'll show you how to get a luxury car—on a brass-lacks budget!

There's no mystery to it—no trick figuring. Buick simply licked the problem of building first-class quality in a low-priced car. Now we've got some interesting figures that will change your ideas about automobile values.

Don't resign yourself to small-car comfort, small-car ability until you find out how very little per week it costs to own a Buick.

Mrs. Linn Celebrates Ninety-second Birthday

February 8, Mrs. I. A. (Puss) Linn celebrated her 92 birthday. Mrs. Edmond Wilcox and Mrs. Florence Cannon spent the day with her as has been their custom for a number of years.

There were no other guests present except members of the immediate family. Mr. and Mrs. Rufus Saunders, La Rue, Sue, Billy Joe, and Fred Saunders, Mr. and Mrs. Walter Trevathan, and Mrs. J. F. Saunders.

Mrs. Linn was born in Montgomery county, Tenn., near Clarksville. When eight years of age she moved with her parents, George Taylor and Louisa Storey Williams, to Calloway, and settled on the farm where she now makes her home.

They were three days making the overland trip in wagons. They brought their household goods, farming implements and slaves.

Besides the moving train, a party of some dozen horsebackers accompanied them to the first night's camp. This unexpected company were such sweet lovers that they greatly reduced the ample supply of pound cake, pies and other good things Mrs. Williams had provided for the journey.

Mrs. Linn married Reuben Linn July 18, 1885. She lived in Graves county until her husband's death. She now makes her home with her sister, Mrs. Saunders. They have in their home a number of articles moved from the old Tennessee home. One a solid walnut desk, hand made and originally owned by their father's uncle. It is known to be over a hundred years old. Another article is an old time press made by her brother and presented to Mrs. Williams when she married December 22, 1887.

Probably their most unusual possession is a hatters kettle owned and used by Mrs. Williams' father in the dyeing and making of hats. Among their small possessions is a razor which has already celebrated its one hundredth anniversary, and a key wind and set watch which was made in Liverpool, England.

Mrs. Saunders also has volume II of History of the War of Independence by Charles Botta. This history was bought by Mr. Saunders' father February 23, 1838.

Corn-Austin Co.**Fox And Angell To Present Morning Musical**

William H. Fox, professor of violin, and Warren Angell, professor of piano, will present an all-classic program at Murray State College at the regular chapel hour on Wednesday, February 19. The forty-five minute program is scheduled to begin at 9:30 a. m.

Professor Fox will open the recital with a group of all-Bach numbers. First the Adagio and the Allegro Assai from the Concerto in E Major, accompanied by the faculty string quartet composed of Marcia McEwen Fox and Earle Connette, violins; Franklin Inglis, viola; and Arthur Meyer, cello, will be presented. The Bourree and Double from the first Partita will be given unaccompanied. This group shows Bach in a role in which he is not as well-known as he is in the fields of choral and organ composition. Nevertheless, Bach was himself an accomplished violinist and his compositions for this instrument tax its capabilities, and those of the performer. The "Bourree" was a rhythmic country dance, and the "Double", a theme with variations.

The second group, played by Professor Angell, consists of three early compositions: Sarabande, by Rameau, arranged by Godowsky; Allemande by Handel; and Melodie by Gluck, arrangement by Scambati. These three writers belong to the early classic period. The Sarabande was one of the old dance forms, usually one of a suite, slow and dignified in style with a majestic melody. Handel's Allemande, from his Suite in G Minor, is a classic in form, one of the highest developments of the contrapuntal art. The Melodie is one of Gluck's finest contributions to recital repertoires.

In the concluding group of this morning musical, the two arts of the violin and the piano are joined in a "duet" for violin and piano, the Brahms Sonata No. 2 for piano and violin. This sonata has been called the "Meistersinger" sonata because the theme in the first movement is one which Wagner introduced into his opera of that name. This is truly an ensemble composition with both instruments given equal emphasis as to importance in the solo parts. The public is cordially invited to attend this recital.

Annual Visit Of Income Tax Man

Collector of Internal Revenue, S. R. Glenn, announces that a deputy from his office will visit Murray, Ky., on February 18, 1936, for the purpose of assisting individuals income taxpayers in preparing their return.

Mr. Glenn says that the Revenue Act passed in May 1934 is in many particulars, different from the laws previously in effect, and that the base has been so broadened as to require many persons not heretofore filing returns to file this year. The exemption for single persons for 1935 is \$1000.00 and married persons having an income of \$2500.00 for 1935 are required to file a return also. He also calls attention to the fact that under most former laws the credit for dependents was based on the status on the last day of the year. Under the new Act the credit is allocated according to the number of months the dependency actually existed. Attention is especially called to the earned income credit under the Act of 1934, which is not able to return filed for the year 1935. This in many instances is a great benefit to the taxpayer.

The Collector says that the many changes made cannot be explained in a short notice but that his deputy is familiar with the new law and is being sent here to be of real service to the taxpaying public. The service is absolutely free. Collector Glenn urges the taxpayers of this county to see the deputy and let him help them with their income tax problems.

Henry Clay Club Is Re-organized

Reorganization of the Henry Clay Club, college club organization, was completed in the little chapel Tuesday morning with last semester's president, Sam Boyd Neely, Hazel, presiding.

James Overby, Almo, a freshman and a graduate of the Training School, was elected president. Edd Kellow, Hardin, was re-elected vice-president; and Buford Hurt, Kirksby, was selected secretary.

Vernon Trevaathan, Murray, was selected sergeant-at-arms by acclamation.

After the election, plans for securing an annual page were discussed.

The club has definitely decided to debate the national high school question regarding the socialization of medicine before an invited audience of high school teams. The date for this has not been set as yet, but Friday, February 27, will probably get the call.

The Greyhounds piled up two more victories since last writing, defeating the net team of Clinton on the Murray High School court and at Fulton. Enix led scoring for Murray's 1917 while Klapp and Rudolph registered most for 1935. Clinton rallied in the last three or four minutes of each game but was unable to overcome the strong leads made by Murray in the first halves.

With Murray and Paducah having lost only to each other and sweeping all opposition before them the sector championship will probably be decided when these camps meet the 22 of this month which closes the CCC season.

Old Man Winter's prolonged visit continues to hamper work in the field but idleness is not the rule for Camp Murray. Boxing bouts sponsored by Foreman Givens, pool tournaments, inspections, camp improvements and talks by supervisory personnel are keeping the boys busy while we wait for the ground to thaw sufficiently to resume work on the various projects.

Wm. Crump, first cook and veteran member of the company was discharged to accept employment in his home, Owensboro.

No Matter What Make or Age Car You Drive...

It Will Start Easier These Bitter Cold Mornings With

Many of our customers have voluntarily told us how easily their cars have been starting these sub-zero mornings with D-X LUBRICATING MOTOR FUEL.

If you are having trouble getting your car to fire this kind of weather, we ask you to give D-X a fair trial. We know that it will do for you what it is doing for others.

Be sure to use the right kind of oil in this bitter weather. Oil that will not congeal so that your motor won't turn over and yet not so thin that it readily burns up and fails to give your motor protection. DIAMOND 760 answers all these demands. We use greases that give you maximum protection, performance and service.

SPECIAL SUNDAY RATES For Long Distance Calls

YOU CAN now make Station-to-Station long distance telephone calls all day on Sundays at the reduced night rates. This applies to calls on which the day station-to-station rate is more than 35 cents.

Reduced night rates are also now in effect on Person-to-Person calls every night after 7 P. M. and all day Sunday on calls when the day person-to-person rate is more than 50 cents.

These new "long distance" rate periods make long distance

telephone service still more convenient and economical, and more useful to more people in more ways than ever before.

Take advantage of these new low Sunday rates and enjoy a voice visit by telephone next Sunday, with some of the folks back home, or with sons or daughters away at school. A telephone call, you will find, is like a face-to-face visit and as satisfying. Ask "long distance" for rates to wherever you wish to talk.

State Dentist Visits County Schools

Dr. Arthur M. Laird, clinician, State Department of Health, Bureau of Dental Health, was in Calloway county from January 29 to February 4. The purpose of Dr. Laird's visit was to teach the children of Calloway county the better care of their teeth.

The following schools were visited: Murray City schools, Murray Training School, Douglas Colored Graded school, Almo Graded school, New Concord graded school, Lynn Grove graded school, Hazel graded school, Faxon graded school. At these schools Dr. Laird either talked to the children, or where there was electricity he showed a moving picture describing the methods of brushing the teeth and the food to eat to build and keep good teeth. He examined some 854 children in these schools giving them cards to take home to their parents showing the condition of their children's teeth.

Dr. Laird was assisted in his work by Drs. Hugh M. McElrath, F. E. Crawford, and B. F. Berry, dentists of Murray. Medical authorities at this time state that 80 per cent of the diseases affecting

children has its beginning in the mouth. These diseases are caused by bacteria (germs) gaining entrance into our body by way of the blood, or unhealthy gum conditions causing the bacteria to enter the body through the mouth. The mouth is the gateway to the stomach and through it should go clean food, and not food contaminated by unclean teeth, or teeth with cavities in them.

If your child is to enjoy good health and good looks it is important that these mouth conditions be corrected at once.

The Eagles won two games last week end. They went to Faxon Friday night and won 46-22, and also won over Pilot Oak 27-26. It was a very interesting game. Pilot

We had a large crowd, it being the last game until after the county tournament. The play, "Red Headed Stepdaddy" was a success. A large crowd attended and everyone enjoyed the entertainment.

The two societies played ball last week. The Kentuckian boys and the Utopian boys played Tuesday

Your Neighbor's Girl

YOUR NEIGHBOR'S GIRL is lucky. Her parents are training her to make a success in life.

This girl will probably be mistress of a home some day and the success of that home will depend to a large degree upon her skillful management.

Her parents are teaching her to spend money wisely. She gets a certain amount each month and she buys all her own things. She is learning to handle money.

This girl earns some—spends with good judgment and she has a growing savings account.

Of course this girl will have a big advantage over the average girl when the test comes.

What about your girl?

CHICKS are born with a hunger to live and grow. It's a hunger that means more than filling the tiny crop with feed. It's a hunger for keeping alive and developing little frames into sturdy chicks at six weeks.

Perhaps it's hard to see the difference in chick feed at the start. But when the bag is empty at six weeks, you can see it in the chicks. They tell you

in life, in pounds, in development. They tell you that Purina Startena, containing Pur-a-tene, gives chicks the things they need—things so often lacking in ordinary feeds. That's why there's only one Startena, and you'll always find it in the Checkerboard Bag.

Sheriff Carl B. Kingins received one of those letters of the kind you hear about once in a lifetime last Wednesday. A citizen of El Paso, Texas, writes and gives his address in making a confession to his theft of an automobile tire here years ago. Sheriff Kingins could find out nothing about him or the incident from Murray citizens.

Sheriff Kingins stated that he answered him as requested and assured him that his act was one of those things to be overlooked and encouraged him to forget about it. The letter to the sheriff was registered for the writer, Warren Brooks, wanted to be sure evidently that his confession reached the right party.

The letter follows:
